We are called the butterfly family by our neighbors.
It is because the three of us really love butterflies, and our family has collected many butterfly specimens
My dad is a famous butterfly expert and has appeared in many magazines.
This photo isn't bad
Mother's handiwork is also very skilled, many of our specimens were personally prepared by her
YEAH, I AM GOING TO CATCH BUTTERFLIES.
LITTLE HONG, ARE YOU GOING OUT?

I was certainly influenced by my family, ever since I was small I have loved butterflies...
And I know that it is possible to catch many pretty ones in the woods near our small town.
WHERE ARE THE BUTTERFLIES?
I FOUND ONE!

THIS GIRL'S FACE IS THE SAME AS MY MOTHERS.

I can't understand my mother's death.
Was her death connected in some way to that butterfly? My mind was filled with panic.

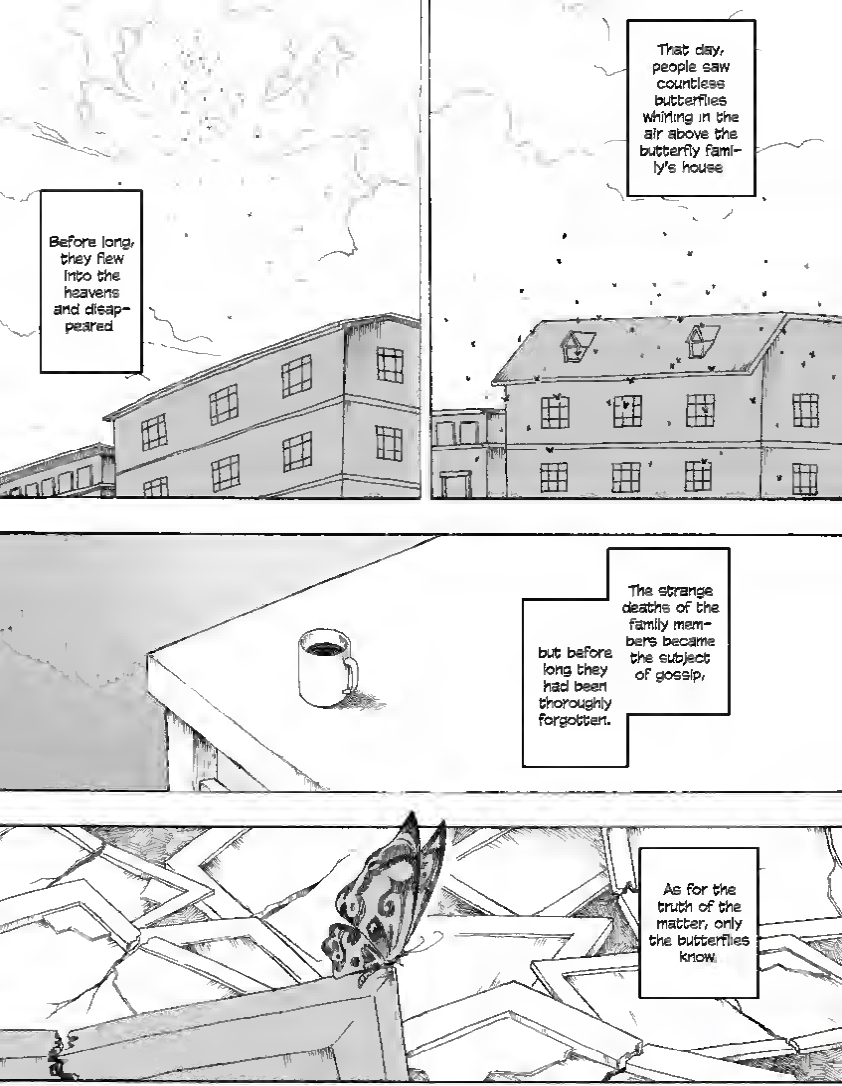
TEXT: BUTTERFLIES DANCING IN THE AIR



That day, people saw countless butterflies whirling in the air above the butterfly family's house
Before long, they flew into the heavens and disappeared
The strange deaths of the family members became the subject of gossip,
but before long they had been thoroughly forgotten.
As for the truth of the matter, only the butterflies know.
